

NeuroCare VA & Scribe – Custom Pricing Overview

At NeuroCare VA, we offer flexible, affordable pricing tailored to the needs of independent providers and growing mental health practices. Our pricing model is designed to give you high-quality support at a reasonable rate — whether you need part-time virtual assistance or access to our AI-powered clinical note platform.

Virtual Assistant Services (Part-Time Plan)

If you're looking for part-time support, we offer a dedicated Virtual Assistant to handle front-desk administrative tasks, patient communications, calendar management, and more.

Plan Details:

- **Hours:** 5 hours/day × 5 days/week
- **Monthly Total:** ~100 hours (based on 4 weeks)
- **Rate:** \$4.00/hour
- **Total Monthly Cost:** \$400/month

This plan is ideal for solo providers or small practices looking to offload administrative work while maintaining high efficiency and continuity.

NeuroCare Scribe – AI Clinical Note Service

NeuroCare Scribe offers AI-powered documentation support to generate compliant, audit-ready clinical notes tailored for mental health professionals.

Standard Subscription

- **Individual Plan: \$139/month**

Group Discount Plan

For practices with **2 or more enrolled providers**, we offer a discounted group rate:

- **Group Rate: \$110/month per provider**

Our group pricing helps practices reduce documentation time and maintain clinical accuracy across the entire team — without breaking the budget.

Notes

- All VA hours are tracked and billed monthly in arrears based on usage.
 - AI Scribe subscriptions are billed in advance.
 - Custom plans for full-time VAs or expanded admin teams are available upon request.
 - Group Scribe plans must be billed together under the same practice or entity.
-
